SHOCK

GROUND BREAKING CLEANING PERFORMANCE

SHOCK is the lowest profile oscillating floor cleaning machine in the world. Developed over three years, it has been meticulously designed to deliver a deep clean along floors, edges, baseboards, stairs, risers, below obstacles and more.

Packed with patented features, SHOCK is the most user-friendly machine of its kind. From an innovative MAGPlate magnetic pad holder system and quick-connect weight kit, to its ergonomic GEN3 battery backpack system with added back support, every detail of SHOCK has been considered to deliver a groundbreaking clean with minimal effort, every time.

Beneath its stylish housing is a brute of a machine made up of precision engineered custom components, invented by our in-house team. Powering each SHOCK is a bespoke brushless digital motor, with a 5000rpm capability to deliver maximum cleaning performance. SHOCK's oscillating drive has been optimised and tested for over 1500 hours. The result? A precise scrubbing circle which literally SHOCKs the dirt off your floors with water alone.

SHOCK KEY FEATURES

- Powerful oscillating shockwave technology, powered by a 5000rpm motor, up to 83 scrubs per second
- Quick-change 1.8kg (4lbs) weight kit
- World's lowest profile head
- Protective glide wheels for precise cleaning

SHOCK uses minimal water and powerful agitation to eliminate the need for harsh chemicals.

It's better for our planet.

Clean hard floors and edges

Clean under obstacles

Carpet cleaning

Clean hard-to-reach areas

TECHNICAL SPECIFICATIONS

Solution Capacity	1l (0.2gl)
Backpack Weight	3.8kg (8.4lbs) secured to waist

HANDLE	
Machine Weight	3.5kg (7.7lb) Lightweight mode 5.3kg (11.7lb) Heavyweight mode
Telescopic Handle	70 – 140cm (27.6 – 55.1in)
Operation	Easy press-and-go controls
User Comfort	Soft rubber grips

HEAD	
Cleaning Width	250mm (9.8in)
Scrubbing Power	5000rpm motor, up to 83 scrubs per second
Head Height	105mm (4.1in)
Wing Height	50mm (1.9in)

PRODUCT HIGHLIGHTS

Quick-Change Weight Kit
Our quick-change weight kit adds 1.8kg/4lb and provides huge downforce for unbeatable results.

Magnetic Pad Holder
Quickly transition between cleaning areas with the colour-coded quick-change MAGPlate magnetic pad holder, which automatically locks against the oscillating driver hands-free.

Industrial build compact size
5mm thick cast zinc alloy chassis combined with a cast aluminium oscillating drive. SHOCK is built to last with over 1,500 hours fault-free testing.

Controlled Spray
Save water/chemical with on-demand spray and a high-pressure pump provides an even and targeted application of cleaning solution.

Optimised Oscillation
Our powerful oscillating technology is driven by our in-house designed state-of-the-art 5000rpm digital motor, delivering up to 83 scrubs per second for unparalleled cleaning results.

Glide Wheels
Soft rubber non-marking glide wheels protect your walls and furniture by keeping the oscillating drive spaced 2mm from your edges, whilst allowing the cleaning pad to clean precisely into the edge.

APPLICATIONS

Flip vertical for baseboard cleaning

Cleans deep into any corner

Easy to transport

Precision edge cleaning

Stairs cleaned safely at speed

Easy to store with the Wall Dock

WIDE RANGE OF ACCESSORIES

SHOCK Pad

Designed to deep clean all smooth and lightly textured hard floors, non-scratch and washable, use only water for 95% of applications.

Microfibre Pad

2-in-1 microfibre pad. Clean carpets with low moisture, dries within an hour. Clean and dry hard floor surfaces in one step, wash up to 300 times.

Melamine Pad

This remarkable material is the pad of choice for removing scuffs, dirt and shoe marks from smooth and ceramic floors.

Green Thinline Scrubbing Pad

Highly abrasive. To remove dirt from greasy surfaces and heavily soiled non-texture floors, as well as stripping floor polish using suitable chemicals.

M-Case Pro holds two machines of your choice, BLADE and all our brushes and pads. It's easily transportable, allowing you to tackle any cleaning challenge at any location.
